## A BILL

To designate the waters of the California Central Coast  
as a national marine sanctuary.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “California Central  
5       Coast National Marine Sanctuary Act”.

6       **SEC. 2. FINDINGS.**

7       The Congress finds that—

8               (1) the marine environment of the waters of the  
9       California Central Coast has special national cul-

1 tural, educational, research, and economic signifi-  
2 cance, because of its—

3 (A) significant oceanographic characteris-  
4 tics, including a major permanent upwelling,  
5 several transitional upwellings, and current  
6 interaction located in the Californian transition  
7 zone between the Oregonian and Californian cli-  
8 matic provinces and its interrelationship with  
9 the Nipomo Dune-Point Sal National Natural  
10 Landmark,

11 (B) sensitive ecological and biological char-  
12 acteristics, including the presence of more than  
13 27 endangered or threatened species of marine  
14 mammals, birds, and reptiles and a mixture of  
15 fish, mammal, shellfish, bird, and plant species  
16 not found elsewhere in the Pacific Basin,

17 (C) significant archeological values, includ-  
18 ing hundreds of Chumash Indian sites, many  
19 dating back 9,500 years; and

20 (D) significant estuarine and wetland  
21 ecosystems, including Morro Bay;

22 (2) the health and productivity of the waters of  
23 the California Central Coast are threatened by a va-  
24 riety of pollutants and expanding industrial uses of  
25 the waters;

1           (3) the existing State and Federal regulatory  
2           and management authorities applicable to the waters  
3           of the California Central Coast are inadequate to  
4           provide the kind of comprehensive and coordinated  
5           conservation and management of the sensitive ma-  
6           rine environment of those waters that is available  
7           under the Marine Protection, Research, and Sanc-  
8           tuaries Act of 1972 (16 U.S.C. 1431 et seq.); and

9           (4) the designation and treatment of the waters  
10          of the California Central Coast as a national marine  
11          sanctuary is necessary for the preservation and pro-  
12          tection of this important area of our Nation's ma-  
13          rine environment.

14   **SEC. 3. POLICY AND PURPOSE.**

15          (a) **POLICY.**—It is the policy of the United States to  
16          protect and preserve living and other resources of the Cali-  
17          fornia Central Coast marine environment.

18          (b) **PURPOSE.**—The purpose of this Act is to protect  
19          the resources of the area described in section 4(b), to edu-  
20          cate and interpret for the public regarding the California  
21          Central Coast marine environment, and to manage such  
22          human uses of the Sanctuary consistent with this Act.  
23          Nothing in this Act is intended to restrict activities that  
24          do not cause an adverse effect to the resources or property

1 of the Sanctuary or that do not pose harm to users of  
2 the Sanctuary.

3 **SEC. 4. DESIGNATION OF CALIFORNIA CENTRAL COAST NA-**

7 ment of this Act, the Governor of the State of California  
8 objects in writing to the Secretary of Commerce.
